PROFILE

Highly motivated and dedicated Java developer seeking an opportunity to utilize my technical skills and contribute to the success of a dynamic software development team and organization.

EDUCATION

B.Tech in Computer Science

Punjab Technical University

06/2019 – 06/2023

Jalandhar, India

G.M.T College of Education

03/2017 – 05/2019

Ludhiana, India

SKILLS

Programming Language

Java, C++

Java Technologies

Java, J2EE, JDBC, Servlets, SOAP, WSDL

Frameworks

Spring Boot, Hibernate

Databases

MySQL, Oracle

Version Control

Git

IDEs

Eclipse, IntelliJ IDEA

Operating Systems

Windows, Linux

Web Technologies

HTML, CSS, JavaScript

PROJECTS

Online Bookstore

- Developed a web application using Java, Spring Boot, and Hibernate.
- Implemented user authentication and authorization features.
- Integrated with a MySQL database for storing book details and user information.

Student Management System

- Created a desktop application using Java Swing for managing student records.
- Implemented CRUD operations for adding, updating, and deleting student information.
- Utilized MySQL database for storing and retrieving student data.

Electricity billing system

- The Electricity Billing System is a Java-based application designed to automate and streamline the process of calculating and managing electricity bills for residential and commercial consumers. The system aims to replace manual and error-prone billing methods with an efficient and accurate software solution.

CERTIFICATES

Oracle Certified Java Programmer (OCP) | Oracle Certified Master, Java SE Developer (OCM-JD)

COURSES

Full Stack Java Development Course by iNeuron

Java Design Patterns by Pluralsight
